REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

In many ways this was an excellent year for LBC Middle School. On average, our 2009 PASS performance was superior to other middle schools with similar demographics. The number of students passing the 2010 End of the Year Course Exam in English I improved to 100%. All grades showed gains in each subject area of MAP and were able to attend the MAP success celebration. Eight of our students were recognized as South Carolina Junior Scholars, 11 were Duke TIP recipients, and the BETA Club grew to 70 members. Many of our students continued to be recognized for academic honor rolls and for exemplary discipline. LBC also represented Aiken County School District in the regional spelling bee. In the visual arts, a number of our students received individual or group recognition, while the band received a "Superior" and an "Excellent" rating in two major competitions. In the athletic arena, individual students as well as teams were recognized for their accomplishments.

Our students were also actively involved in several community service activities such as collecting money for the Valley Empty Stocking Fund and for the Leukemia Society, collecting canned goods for the Salvation Army, participating in recycling, and recognizing and honoring our local veterans with a Veterans' Day program. Ms. Sharon Alvanos was selected as Teacher of the Year and will be competing for the District's Teacher of the Year this next school term. Ms. Sylvia Rich was selected as Classified Employee of the Year.

The diverse learning styles of our students were addressed through teacher analysis of test data which they used to refine curriculum in order to better align it with instructional objectives and to adjust assessments. In order to adequately address students' needs, the Schoolwide Reading Initiative grouped students according to their MAP RIT scores and Lexile range. Students also participated in academic assistance classes and afterschool tutoring. All classrooms have interactive white boards which allow students and teachers to incorporate more technology into the learning environment. Two eighth grade students took 1st place in a national animation contest sponsored by Pitsco Education, the Synergistic software manufacturers, for a project they produced in the Synergistic Science-Math lab.

The school's SIC and Title I committees are continuing to work on innovative ways to increase parental involvement, encourage student attendance, and provide opportunities for staff development. On Celebration Night everyone enjoyed an "evening of accomplishment" with musical and dance performances and academic work displayed throughout the school. The PTO sponsored a school talent show as well as supported our Book Fair and provided incentives and awards for achievement and attendance throughout the year. The support LBC Middle School receives from the PTO, parents, community and teachers is invaluable. Working together, we can continue to provide the best educational opportunities for our most valued asset, our children.
